

EASTSIDE LEGAL ASSISTANCE PROGRAM

“A threat to justice anywhere is a threat to justice everywhere.”

Dr. Martin Luther King

Volunteer Opportunity - New Media Volunteer

Many low income individuals and families on the Eastside who need legal services cannot afford legal services. Low income individuals and families have, on average, one situation each year where they need legal advice. Also, there are many survivors of domestic violence throughout King County who need legal assistance to safely leave their abusive situation. Eastside Legal Assistance Program (ELAP) provides free legal advice to these individuals and families through legal advice clinics, where volunteer attorneys provide free half hour consultations with the person needing legal assistance, through workshops, and by referrals to volunteer attorneys for direct representation. Survivors of domestic violence are assisted by our Staff DV attorney, by our Domestic Violence Protection Order Team, and by teams of volunteer attorneys from major law firms and corporations. You can help ELAP serve these people in need by working as ELAP's New Media Volunteer.

As ELAP's New Media Volunteer, you will enhance ELAP's communications efforts in Social Media and its web site by updating content, modifying site navigation and enhancing graphics and presentation. You will maintain ELAP's website and new media pages (update text; create, collect and modify images to be uploaded; make changes to infrastructure and graphics; research, recommend and implement approved changes to design and content)

You must

- Have experience creating and updating web pages and other new media pages
- Possess graphic design talent and skills (digital and print)
- Take initiative, work well independently and in collaboration with others, accomplish tasks in an efficient manner, and meet deadlines
- Enjoy technology and are interested in helping us promote our program through a variety of media
